Vacuum cleaner with bag
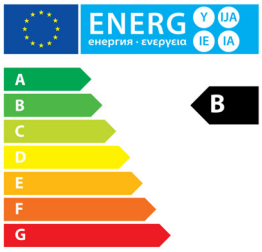
Energy efficiency class B TriActive+ nozzle

FC8322/19

Highlights

Energy efficiency class B



This vacuum cleaner is engineered to achieve full performance with an energy efficiency class B.

TriActive+ nozzle

The TriActive+ nozzle applies 3 cleaning actions in one go: 1) It gently opens the carpet with its specially designed soleplate to remove the dust deep down. 2) It sucks up big bits with its larger opening at the front. 3) It sweeps up the dust and dirt alongside furniture and walls with its two side brushes.

3L dust capacity

The 3L dust compartment maximizes the potential of the s-bag Classic dust bag, thus ensuring long lasting performance.

Aluminum telescopic tube

The lightweight, aluminum vacuum cleaner tube is comfortable to use and carry. The 2-piece telescopic tube can be easily adjusted to your preferred height.

Extra long ergonomic grip

This ergonomically shaped grip is convenient in use. Its extra long design gives you farther reach, so you can easily clean hard to reach places.
